

## Dry Cleaning

Feigenbaum's provides customers with the old world quality they've come to expect for almost a century. Garments are carefully examined for stains and special handling requirements.

Suitcoat lapels and ties are hand-finished with rolled edges to keep them looking like new. Our staff knows how to handle silk, velvet, and other delicate fabrics.

Minor repairs on cuffs, hems, zippers, and buttons are made at no extra charge by professional seamstresses, who also provide a wide array of tailoring and repair services.

Our goal is to keep you looking your best.
